# 7 reasons
to adopt Tridion® Docs 15

1 It's faster
Work more efficiently and reduce time spent on tasks with streamlined processes and a more responsive UI.

2 It's smarter
Give your audiences a tailored experience with intelligent content recommendations powered by improved semantic AI.

3 It's more secure
Connect via your chosen identity providers with OpenID Connect for no-fuss added security.

4 It simplifies headless delivery
Create highly relevant, device-optimized experiences with the more DITA-native and developer-friendly Tridion DXD.
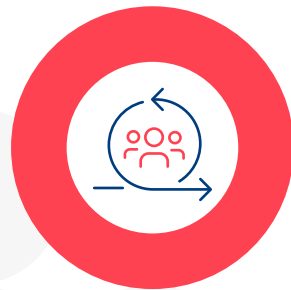

5 It's more customizable
Work the way you want with our redesigned content management dashboard. Filter and sort content to see the information that's relevant to you, all in one place.

6 It's more productive
Enhance author and editor productivity with a smoother experience in Collective Spaces, including in-context comments and a user-friendly document outline.

7 It's more intuitive
Reduce training costs and flatten the learning curve for new users with a simple, easy-to-use platform suitable for all levels of expertise.
