QAnswer®

An enterprise GenAI solution designed for efficient internal information retrieval, providing immediate answers from documents and data. Powered by trust and defined by reliability and precision in performance.

Tridion + QAnswer by The QA Company:
A smarter, faster, more secure way to search information

Are you struggling with...

- Spending countless hours manually pulling data from your company's vast data sources?

- Getting the right information to the right people in the right language and format?

- Ensuring enterprise data confidentiality and security with the rise of GenAI?

We can help!

With Tridion as your content management system + QAnswer by The QA Company, you can...

- Build LLM-powered AI assistants with no coding, and connect them across vast data reservoirs
- Deliver accurate, transparent responses with precise sources and context
- Sync data across channels in a central solution to save time and effort and boost productivity

With the Tridion + QAnswer solution, you can expect...

- Complete privacy of organizational data, secured by strict security protocols
- Advanced speech-to-text support
- Flexible hosting for both on-premises and SaaS
- A customizable solution to reflect your brand
